Sept. 18th-20th, 2017

- **Enhanced Vessel Operators Course (Group 1)**

WA State Parks Boating Commission will be conducting EVOG (Enhanced Vessel Operations Courses) for all marine law enforcement officers including those attending from outside WA State. The Enhanced Vessel Operator Courses will teach students the intricacies of team coordination and vessel intercepts, pursuits, shadowing, and herding. This course is intense and designed for sworn officers and USCG personnel with over 6 months of boat handling experience. These courses will take place nearby at Foss Waterway Seaport and will occur in 3 days increments. Upon completion of the course, all students will receive NASBLA certification.

- Foss Water Way Seaport

Sept. 20th-22nd, 2017

- **Enhanced Vessel Operators Course (Group 2)**

- Foss Water Way Seaport

Sept. 20th, 2017 – Training, On Water Exercise, Demos and Port Day

<p>8:00-12:00 Bicentennial Pavilion</p>	<p>The Department of Energy CTOS–Center for Radiological/Nuclear Training’s “Radiological/Nuclear WMD Operations for Law Enforcement” Course</p> <p><i>The “Radiological/Nuclear WMD Operations for Law Enforcement” Course provides law enforcement personnel with fundamental knowledge regarding two distinct mission spaces related to Radiological/Nuclear threats. The course addresses the Preventive Radiological Nuclear Detection (PRND) mission including program structure, operational modes and federal assets. The response mission area includes an overview of recognition of the threat or incident, protective measures, notifications and securing the incident site during Radiological/Nuclear WMD incident as they relate to law enforcement operations.</i></p> <ul style="list-style-type: none"> • John Brenner, National Outreach Director, Counter-Terrorism Operation Support (CTOS), U.S. Department of Energy’s - National Nuclear Security Administration • Captain William “Jack” Martin, Florida Fish and Wildlife Conservation Commission
